Professional Summary

- 1+ Years of professional experience in developing and maintaining web and mobile applications using React.js, Node.js, Express.js, and React Native.
- Proficient in API integration, responsive UI development, and performance optimization.
- Experienced in both frontend and backend architecture with a focus on maintainability and scalability.
- Strong collaborator with excellent communication and problem-solving skills.

Internship Experience

Software Development Intern | Numeric Infosystem Pvt Ltd
Jan 2025 – Sep 2025

- Assisted in developing and maintaining front-end modules using React.js and Material UI.
- Collaborated with backend developers for Node.js API integration and testing using Postman.
- Participated in debugging, feature implementation, and performance optimization.
- Contributed to mobile app feature development using React Native.

Work Experience

Full Stack Developer | Numeric Infosystem Pvt Ltd
Oct 2025 – Present

- Currently working as a Full Stack Developer specializing in React.js, Node.js, Express.js, and React Native.
- Designed and developed production-level web applications, including an Employee & HR Management System with role-based Admin and Employee panels.
- Built an employee attendance web/mobile app with check-in/check-out, working hours calculation, late tracking, and monthly summaries.
- Developed resume management and advanced resume search functionality with filters, status tracking, and Excel export.
- Implemented AI-based resume autofill, automatically extracting candidate details from uploaded resumes.
- Created interactive report dashboards for attendance, leave, payroll, and recruitment insights.
- Integrated secure authentication and third-party APIs (Google APIs, SMS APIs, Gmail APIs).
- Focused on scalable architecture, performance optimization, and responsive UI/UX.

- Collaborated cross-functionally with design and backend teams to deliver high-quality solutions on time.
